## Profile

---

Highly skilled and motivated Front-End Web Developer seeking a challenging position where I can utilize my expertise in creating visually appealing and user-friendly websites. With a strong background in HTML, CSS, JavaScript, and responsive design, I am committed to delivering exceptional results and exceeding client expectations.

## Work Experience

---

### Fronted Web Development

- Developed and implemented responsive website designs using HTML, CSS, and JavaScript, resulting in improved user experience and increased site traffic.
- Collaborated with cross-functional teams to design and launch new web applications, ensuring seamless integration with back-end systems.
- Conducted thorough testing and debugging of code to ensure top-notch functionality and compatibility across different browsers and devices.
- Optimized website performance by analyzing and improving front-end code structure and implementing best practices for SEO and accessibility.
